ADDITIONAL INFORMATION

I am currently working as a **Graphic Designer** at SLA International while actively expanding my expertise in **Machine Learning (ML)**. I have a strong foundation in web technologies, including **HTML5, CSS3, and basic JavaScript**. Alongside my design work, I am skilled in tools like **Canva and CapCut** for creating engaging visual content. I am passionate about combining creativity with technology and aim to transition into AI-driven solutions, particularly in the field of **Machine Learning (ML)**.
